nearly as perfect as its predecessor, *Friendshipped*. The only element missing is the Drama Llama whose squeaks startle an entire herd of pygmy goats into fainting all over the pasture but goats figure in this book too, so I'm not going to complain!

I would not say this is a Rom Com book. It's a sweet, clean small town romance at a small town pace. It is all about the good things of living in a small town, which some fantasise about in this day and age - a place where everyone knows each other, friendship groups are solid and where relationships formed over many years.

*BattleShipped (Getting Shipped!, #2)* by Savannah Scott - Goodreads

What a cute second chance romance between two high school sweethearts. Rob broke Laura's heart six years prior when he broke up with her prior to leaving for college. Now he's back and they have spent the last two years both avoiding the other and pretending that the romantic feelings are a thing of the past.

*Getting Shipped!* is a sweet romcom series set in the small Ohio town of Bordeaux. And, yes, we pronounce it *bored ox* an enemies-to-lovers, second-chance romcom.
